Name of most recent examiner-Andre'L. Jackson

Title of invention-Castor Covers

Dear Mr. Andre'L. Jackson, Patent Examiner;

I am hereby requesting that the original claims and specifications be cancelled and accept or consider the enclosed said. Corrections to the drawings on page 4 indicate in the Front View of FIG 1, a Velcro Strip to be utilized as a fastener. The Top View in FIG 2, indicates foam insulation to provide a cushion and minimize or lessen whatever impact that might occur. I trust this will be sufficient enough to prosecute the Castor Cover application.

Sincerely,

Henry J. Nickson
